This year 3T Metal Processing, Mould, Welding Technology Fair will be held 14th time is raising the benchmark with Welding Technology Section in innovation and technology in the field of metal production. Metalworking machinery and factory automation in process control, pattern / design, modeling, offering the overall functioning of the artificial intelligence field and 3T has the distinction of being the only fair in our country for that matter, productivity, energy-saving, cost-optimized, creativity, competitiveness, sustainability, growth, offers solutions to manufacturers in the market sector development.

3T Fair will be received in the scope combining applications with the highest technological methods of production processes in the physical form of the metal use with "Joining, Welding and Cutting Technologies Special Section". The welding and design of high-tensile steel to the latest innovation for laser cutting; the non-destructive testing to quality assurance practices and technologies and new projects will be display at the fair. They need to provide integrated manufacturer of metalworking access to each topic.

We are organizing this meeting to making the right choices that rapidly developing sector investment which is part of the investment in laser and welding.

Welding is not only offers advantages for the domestic market, about welding and cutting machines offering systems and software solutions and also displays the latest technologies to the companies.

Welding, cutting and assembly sector are also developing rapidly in parallel with defense industries automotive, white goods, machinery, shipbuilding and construction sectors in Turkey.

PRODUCT GROUPS

- **Welding and cutting machines, equipment**
- **Welding Automation Systems**
- **Welding and Filling Materials**
- **Fiber laser systems**

The meeting of Welding Technologies at İzmir

10 - 13 March 2016 Fuar İzmir / Gaziemir

Visiting Hours

10-12 March 2016 : 10.00 - 19.00 - 13 March 2016: 10.00 - 18.00

Mecidiye Cad. Cüre İş Hanı No: 16 Kat:2 Mecidiyeköy, İstanbul/TURKEY

Tel: +90 212 272 45 60 (pbx) Fax: +90 212 272 45 59
